Important Announcement

Dear Author,

Thank you for publishing with Springer. This message is to let you know that your article

- Article title: Tuning the Lewis Acid Phenol ortho-Prenylation as a Molecular Diversity Tool.
- DOI: 10.1007/s11030-015-9644-9

has gone into production. Before we can send you your proofs, we have to ask you to provide some additional information. Please go to the following website (you may need to copy and paste the URL into your browser): <http://www.springer.com/home?SGWID=0-0-1003-0-0&aqlid=2943340&checkval=88a2efa6d8b554d75fe74c757b9401b0>

Please indicate if you would like to:

- order Open Choice, i.e. publish the article as open access. The published version will then become freely available for anyone worldwide in exchange for payment of an open access charge.
- order paper offprints or e-offprints of your article upon issue publication
- order poster of your article with issue cover page, article title and the authorship
- order printing of figures in color in the journal

and to

- transfer the copyright of your article (if you do not order Open Choice)

Welcome to MyPublication

Dear Melanie Rudolf,
Thank you for publishing your paper in one of Springer's journals.

Article Title: Melanie's first article for screenshot production
Journal: Analytical and Bioanalytical Chemistry
DOI: 10.1007/s00216-012-9400-y-1456776421748

Make Your Choice

In order to facilitate the production and publication of your article we need further information from you relating to:

- ▶ Please indicate if you would like to publish your article as open access with Springer's Open Choice option. If so, your article will become freely available online for anyone worldwide and you will be able to easily comply with open access mandates.
- ▶ Please transfer the copyright, if you do not publish your articles as open access.
- ▶ Please note: Springer has some agreements with institutions which cover the article processing charge for Open Choice articles of their affiliated corresponding authors. Please read the specific information when you indicate your affiliation.
- ▶ Please indicate if you would like to have your figures printed in color.
- ▶ Please indicate if you would like to order offprints.

Answering the questions on the next few pages will take approximately 10 minutes of your time.

Please note: Be sure to complete the entire process until you get to the confirmation page. The subsequent production of your article depends on the finalization of the MyPublication process.

Please see our FAQ page if you have questions or problems completing the forms.

Choose your Affiliation I

- Der Autor wählt im Feld "Your University /Institution" die Montanuniversität Leoben aus

The screenshot shows the Springer website interface. At the top, there is the Springer logo and a search bar. Below the search bar is a navigation menu with links for Home, Subjects, Services, Products, Springer Shop, and About us. A social media bar includes icons for Facebook, Twitter, Google+, and a plus sign. A horizontal menu contains links for Affiliation, Open Choice, Copyright Transfer, Offprint / Color Order, Billing / Shipping, and Confirm. The main content area is titled "Choose Your Affiliation" and includes a "BACK" button. Below the title, there is a paragraph of text explaining the institutional agreements and a "Please note" section. At the bottom of the form, there is a section titled "Your University / Institution" with a search input field and a "CONTINUE" button.

Your open access option

By publishing open access, your article will be freely available to everyone worldwide immediately upon publication and the copyright will remain with you. Your benefits for Open Choice are:

- ▶ Your article is freely available.
- ▶ You retain the copyright.
- ▶ Automatic export to PubMed Central.
- ▶ Easy compliance with open access mandates.

Or you choose to publish traditionally, non-open access and transfer your copyright to Springer. Please note that this can't be changed later.
Your institution recommends that you publish your article as open access.

Yes

I want to publish my article with open access and my institution covers the charge.

CONTINUE

No, I want to publish my article traditionally without open access.

Open Access License Form

◀ BACK

When publishing open access, your article will be immediately and permanently made freely available online for anyone worldwide. This is the easiest way to comply with open access mandates, as your article will be published under a Creative Commons license, which supports free distribution and re-use of the final publisher's version (note license details below). In addition, you as the author retain the copyright to your work.

Open Access License

- I agree to the following on behalf of myself and my co-authors (the "Authors"):

Open Access This article is distributed under the terms of the Creative Commons Attribution 4.0 International License (<http://creativecommons.org/licenses/by/4.0/>), which permits unrestricted use, distribution, and reproduction in any medium, provided you give appropriate credit to the original author(s) and the source, provide a link to the Creative Commons license, and indicate if changes were made.

I certify that I am authorized by my co-authors to enter into these arrangements and warrant on behalf of myself and my co-authors, that:

- ▶ 1. the Article is original, has not been formally published in any other peer-reviewed journal and is not under consideration by any other journal;
- ▶ 2. the Authors are the sole author(s) of the Article and have full authority to enter into this agreement and in granting rights to Springer are not in breach of any other obligation. If the law requires that the article be published in the public domain, the Authors will notify Springer in writing;
- ▶ 3. nothing in the Article is obscene, defamatory, and libellous, violates any right of privacy or publicity, infringes any intellectual property rights (including without limitation copyright, patent, database or trademark rights) or any other human, personal or other rights of any person or entity or is otherwise unlawful. If however the Article includes material from other sources the Authors warrant they have obtained the necessary rights from the owners of the copyright to publish all such material;
- ▶ 4. all of the facts contained in the Article are true and accurate; and
- ▶ 5. nothing in the Article infringes any duty of confidentiality which may be owed to a third party or violates any contract, express or implied, and all of the institutions in which work recorded in the Article was created or carried out, have authorized such publication.
